Punjab Group of colleges, Pirmahal	FSc. (pre-engineering)	2019	1100	941	85%
University of Agriculture, Faisalabad	BS Computer Science	Final year	4	3.6	90%

Experience

Python developer | Fiverr | Remote

- I have worked on many Python and Selenium automation & testing projects. Some of my projects in python are GUI Quiz Application, Loan Management System, PDF & Bulk image Manager, Face & Object detection using OpenCV, OCR application using OpenCV, and so on
- I automated various tasks with selenium such as automated scheduler login and payment system, Advance Instagram bot, API Automation, etc.

Django developer | Fiverr | Remote

- I have completed many projects, web applications in Django. For example, Weather Web app, Soccer Match schedule WebApp with database integration, Language Translator web app hosted on Microsoft Azure, and so on.

- I also have a strong grip on Flask python. I have developed a mail notifier API that notifies new mails by sending messages to WhatsApp with mail subject and body (using Twilio, WhatsApp & Gmail APIs). It also allows to interact with it by sending some commands from WhatsApp as messages.
